## **Derek Piotr - AGORA Regathered**

AGORA Regathered by Derek Piotr

Producer Derek Piotr released an album earlier this year, [AGORA](#), that lead sounds down dark, twisted, and manipulated tunnels of ambient, noise, and experimental music.

To follow up the album, Piotr has recently amassed a series of *AGORA* remixes created by producers who are as eccentric as he. Sometimes, the remixes force these tracks into territory that's even glitchier and more unpredictable.

Though the artists remixing these tracks are very different in style, using Piotr's music as a foundation has resulted in a consistently perplexing remix album. Grab a copy of *AGORA Regathered* [on Bandcamp](#).
