PREMIERE - DEREK PIOTR

Wednesday 22 April 2015 at 10:00 am

On May 4th, Polish born composer, producer and vocalist **Derek Piotr** will release his 5th album *Bahar* on **Bit Phalanx**. First single *Tennis* was a very promising track and made us look forward to the LP. With the release date coming real close now, you can listen to another track from the album. *Tone Offering* - premiering on our website - starts of with a nervous bass and builds up to a complex climax where it leaves us flabbergasted. Order the album [here!](#)
